WORK EXPERIENCE

● Frontend Developer

KOZHINDEV STUDIO

01.2022 – 06.2022

Kozhindev is a big coding studio in Siberia with lots of customers in and outside Russia. In developing they prefer to use their own React+Redux based framework – Steroids:

Finished the last 30% of corporate website, created adaptive design for laptops and mobile phones, made it ready for production. Maintained it with new data;

Developed real estate project for elite estate company from Middle east in 6 people agile-team in collaboration with team of web-designers and client;

Created API for React native app of local supermarket's network;

Worked in agile environment with weekly stand-ups, kept track of my sprints length and conducted 2 hours of sprint planning and sprint retrospectives per week.

● Trainee/Junior Frontend Developer

24PIXELS STUDIO

01.2021 – 10.2021

Contributed to building adaptive websites using HTML5, CSS, JS, Bootstrap and React. Collaborated with web designers and back-end developers to create bug-free, user-friendly web applications. Developed adaptive and responsive websites that looks equally great on every device. Optimized web pages for maximum speed and compatibility across different browsers and devices. Developed my team-work skills by working in close with 4 other students. Converted websites into installable PWA's to bring a native app-like user experience.
